May Meeting

On May 20, we welcome Weston Maggio, the representative from Wacom Technology Corporation. He will be talking about how to improve your Photoshop skills with the Wacom line of tablets. When it comes to drawing or using the brush tool, the tablet is much easier than a mouse. (Remember, we have two tapes from Wacom: *Using Photoshop with a Wacom Graphics Tablet* and *Power Photo Editing with 7.0 and a Wacom Tablet*).

Photoshop Seminar May 18

The Chicago Chapter of PSA will be sponsoring a seminar on Photoshop, presented by Kodak. Kodak Ambassadors John Woods and Jim Lyon will present over 6 hours of Photoshop instruction designed for photographers. After the course, a CD of the covered material will be presented to the participants. The \$40 registration fee covers a continental breakfast and lunch. Hours will be 8 AM to 4:30 PM at the Oakton Community College on May 18.

End of Year Competition/ Pizza Party?

The club will decide at the May meeting if we want to hold an End-of-Year competition. If so, we will need a volunteer to obtain 3 CACCA judges for the June 17 date. Also, do we want to hold another pizza party? (Maybe we could use the June 17 date for a party instead.)

New Training Media Available

Don't forget all the new training CDs that we have available for monthly rent. (Remember, those rented in June are not due until September.)
