

Pixelated News

September 2004

New Season

Welcome back to a new season! For those of you with newer digital cameras, I hope you had a chance to “break” them in.

Mark your calendars (or set your reminders on the computer, if you are in the digital world) for the following Pixel meeting dates:

September 21

October 19

November 16

December 21

In addition, I have requested the following dates with the library;

January 18, February 15, March 15, April 19, and May 17.

September Meeting

This is the first competition. Enter up to four prints in any division. Don't forget to email Dick Frieders your digital images for the Digital Slides competition. (rmf1305@aol.com See the web site for more details. <http://www.imagination.com/picc/comprules.html> From my experience, due to the brightness of Dick's projector, I would recommend that the image be underexposed.)

October Meeting

The tentative plans are to demonstrate how to make panoramic photographs.

Best of Year Winners for 2004

We should call this the Dennis Arendt Show, since he cleaned up in all the categories. The judges did like infrared. The good news for those in Class B prints is that Dennis now has to move into A class. His winners were:

Small Color
Large Color
Small B&W
Large B&W
Digital Slide

Autumn Backlight
Infared Magic Tinted
Cottswald Cottage Infared
Cottage Backyard Infared
Lonesome Station

Cotswald Cottage Infared
Large B&W Print
Of the Year by
Dennis Arendt

Web Site

Dick Frieders will display some of your favorite images on this gallery page if you email them to him:

<http://www.imageination.com/picc/gallery.htm>

Speaking of our site, remind him sometime what a good job he is doing for us to maintain this.

Ben Willmore/Photoshop CS for Photographers Tour

<http://www.photoshopseminars.com/photoclass.html>

Donald E. Stephens Convention Center
Chicago, Illinois
Tuesday, September 21, 2004
Seminar: 10:00 a.m. - 5:00 p.m.
Registration opens at 9:00 a.m.

Admission is \$99 or \$79 for NAPP members. You'll get training, a copy of Photoshop User magazine, an invaluable keyboard shortcuts guide, and a detailed seminar workbook that includes all the techniques presented in a step-by-step format so you can spend the day learning instead of taking notes. This session is dedicated to photographers.

Make it an all digital day, and come to the Pixel meeting afterwards!
